

PCARD

CARDHOLDER TRAINING

Having a university PCard is a **Privilege**.

To use your PCard responsibly, you are required to know and understand the University's Policy and Procedures. Accepting a PCard indicates you understand this and acknowledge you will follow the rules when making purchases.

It is your responsibility to stay up to date on the policy and procedures when changes occur.

*****For those who do not follow the rules, the Three Strike Policy is in place.*****

CORPORATE CARD

- Bank of America is the card provider (bank)
- The Bank of America WORKS website is used to manage all PCard purchases and credits.
- **Cardholders will use GCA for card information and to view transactions.**
- The App State PCard is a CORPORATE card; not a Consumer card. The use of the PCard does not affect your personal credit.

CARD FORMAT/DESIGN

- The App State logo appears on the PCard.
- The PCard states it is "For official use only" .
- The App State tax exempt number (400020) is printed on the PCard.
- The PCardholder name is printed on the PCard as it appears on file with the App State Human Resources department.

Global Card Access (GCA)

- All Pcards should be registered with Global Card Access as soon as the Cardholder receives the PCard. This will activate the PCard.
- GCA will give you a PIN
- Download the GCA app on your phone.
- Allows you to view your PIN All PCardholders should manage alerts from GCA so they will be alerted any time a transaction is made or attempted on their PCard.
 - Alerts can be sent via email or text message. It is advised for text message to be used so you can receive alerts for your PCard even if you are on vacation and not checking emails.
- Cardholders can lock their card if they were to misplace it until they can contact the Pcard Office to request a new PCard be ordered.

CHIP and PIN OVERVIEW

- App State is a Chip & PIN client of Bank of America.
- There is a CHIP embedded in the PCard. 
- A PIN is a personal identity number for securing the use of the PCard.
- The 4-digit personal identity number (PIN) is required to complete any purchases at a point-of-sale (cash-register). This does not apply to online or telephone purchases.
- **The preferred method of using the PCard is Tap-to-Pay as it is the most secure method.**
- There is a magnetic stripe on the back of the card and mag stripe transactions are still possible if the vendor has not converted to the PIN card system.

PIN PURPOSE

- The use of a PIN has moved the liability for fraud occurring at the point of sale (cash register) from the banks and card companies to the merchants).

Your PIN

- You are the only person who should know your PIN
- **NEVER write your PIN down**
- If you can't remember your PIN (Personal Identification Number), accessing your bank account can be difficult and cause unnecessary inconveniences in daily life. Fearing hackers or thieves, people often make PINS more complicated than necessary.
- GCA will assign you a PIN but you are welcome to change it if you feel better about creating your own PIN.
- GCA will allow you to view your PIN if you forget your PIN by displaying 1-digit at a time.
- If you forget your PIN, the PCard office cannot provide it to you.
 - Use GCA to view your PIN
 - Contact Bank of America (number on the back of the card) – you will need to identify yourself using the information provided to you on the Purchasing Card Instructions page you are emailed after training is complete.

Creating an Effective PIN:

- **Avoid the obvious** – Make your PIN less easy to guess by avoiding obvious number combinations or sequences such as “1111”, “1234” or “9876”.
- **Use the word method** – Think of a 4-letter word that you will easily remember. View it as if you were dialing it on a landline phone, with each number from 2 – 9 representing four letters. The word “ball” for example would be “2255.” For many people, it’s easier to remember “ball” which leads to recalling the numbers associated with it. If you use this method, it’s best to use as uncommon a word as possible so that it is unlikely to be guessed by someone else.
- **Use a meaningful address or the last 4-digits of a meaningful phone number** – An address you are not likely to forget but others are unlikely to know (a childhood address, a friend’s address, etc). The last 4-digits of a phone number from a significant person in your life (spouse, parents, friend, etc). NOTE: Avoid using your own address/phone number since thieves could access this information.

THE APP STATE PCARD IS AN ALTERNATE MEANS OF PAYMENT ONLY

- All State of North Carolina and App State Policy and Procedures apply when making purchases with the PCard.
- The pre-approval process for purchases that requires pre-approval is a little different for PCard purchases. All pre-approvals will be obtained through forms and/or emails instead of routing through YoMart.
- Fund Use Questions? Check with your Budget Officer prior to making purchase if you have questions about the ability to use a fund for a specific purchase. If your Budget Office cannot assist, you may reach out to Contracts & Grants Account and/or the App State Budget Office.

FUND ASSIGNMENT

- Each card has a default Banner finance fund number assigned to it. All charges posted in WORKS are initially allocated to the default fund number. Reconcilers have the opportunity to change the assigned fund number during the reconciling process.

BILLING ACCT ADDRESS & PHONE

TELEPHONE/ONLINE ORDERS: If you place an online or telephone order using the PCard, the vendor may ask you for your billing account address and/or phone number:

- Use the 911 address & phone number on your Purchasing Card Instructions.
- The Billing Zip Code for all PCards is **28607**.
- **Always instruct the vendor to email or fax you a copy of the invoice or receipt. Don't allow the vendor to place it in the shipment.**

CARD SECURITY

- **YOU** are the **ONLY** person authorized to use the card. **DO NOT SHARE YOUR PCARD WITH ANYONE!!!**
- **The PCard is in your name, and you are responsible for all charges on the PCard.**
- App State has no "departmental" cards. Therefore, you should never "loan" the card to another person to use.
- **ALLOWING ANOTHER INDIVIDUAL TO MAKE A PURCHASE WITH YOUR UNIVERSITY PCARD WILL RESULT IN AN AUTOMATIC SUSPENSION OF THE PCARD FOR AT LEAST 30 DAYS.**
- Store the PCard in a secure, locked location if you do not keep it on your person so no one can access the PCard.
- Secure any paperwork with the PCard number visible. **Do Not** have the full card number written anywhere on anything...even on forms that ask for the card #. Preferred that the card number be provided by phone call that is placed by you, **NEVER** given over the phone to someone who calls you! If you must provide CC Authorization Form, It must be sent securely using File Share. **For the receipt in the Reconciliation Report** – Black out the card number. Make a copy of the form and shred the original and insert the copy in your report with the receipt.
- **If you change positions requiring a move to a new department**, your PCard account must be cancelled with a PCard Cancellation Form. If a PCard will be needed in your new role, a Procurement Card (PCard) Account Application will need to be submitted to the PCard Office.
- **If you separate from the university for any reason**, i.e. retirement, resignation, etc., your PCard account must be cancelled using the PCard Cancellation form and the PCard must be shredded and disposed of. **You must have worked with your Reconciler to have all transactions posted to your PCard allocated, signed off on and approved by your Approver prior to your last day of employment. Your final Reconciliation Report must be printed and signed by you prior to your last day of employment.**

PURCHASING CARD THREE STRIKE POLICY

Strikes are monitored using a roll-back year (When determining if this will be a second/third strike, the PCard office will look back one year from the date of the infraction to see if any additional policy violations have occurred.)

When card usage does not comply with the university policy and procedures, the following “three strikes” are issued to the PCardholder:

1st Strike – Warning with offer of retraining

2nd Strike - Retraining mandatory

3rd Strike - Card Suspension (Temporary or permanent based upon level of misuse)

An Automatic Strike will be issued for the following reasons:

***** Writing or Having Your PIN Any Where Near Your PCard or in/on the Sleeve**

***** Storing PCard Info in a vendor’s system without PCard Office Approval**

***** Paying Sales Tax**

***** Sharing Your PCard with another individual**

***** Making purchases on Amazon**

***** Making a purchase using a personal PayPal account – even if using App State email address**

BILLING CYCLE DATES

The Billing Cycle generally runs from THE 16TH OF THE FIRST MONTH TO THE 15TH OF THE NEXT MONTH. However, if the 15th falls on a weekend day or a federal holiday, the cycle dates change.

- Example-If the 15TH falls on a Saturday, the cycle end date is moved to the previous business day which would be Friday, the 14th. The next cycle would begin on Saturday, the 15th.
- The cycle dates are found on the Home Tab of WORKS and should be reviewed during each cycle. The dates are also available on the PCard website (Reconciler & Approver Dates and Deadlines).
- The date the charge is POSTED, not the purchase date, determines which billing cycle a transaction is in.
- The expenses posted during a cycle in WORKS, post to Banner on the 25th of the ending month of the cycle. (If the 25th falls on a weekend or federal holiday, the expenses will post to Banner on the first business day after the 25th.)

CARD PROCESSING REQUIREMENTS & FISCAL YEAR IMPACT

- Transactions typically require a minimum of 2 business days to post to WORKS. Transactions flow from the vendor > vendor's bank > VISA > Bank of America WORKS. The time for the purchase to post to WORKS may be longer with some vendors. It depends on when vendors send their charges to their financial institution. Some vendors may send transactions weekly as opposed to daily.
- Because of the time between the date of your purchase and the date of the posting of the expense to WORKS, there are two situations requiring close attention to the timing of your spending.
- This usually makes no difference to you most of the time. However, if the close of the fiscal year is approaching, you may be advised to suspend card use after the last week of May to ensure that all the charges flow thru the VISA processing and post to your account before the billing cycle ends on 6/15. Also, if you have special funds that have an expiration date where funds have to be spent by a certain date like a grant.

CARD PROCESSING REQUIREMENTS & POSTING TO FUNDS

1. The May-June PCard Cycle is the last cycle of the fiscal year. In order to assure payments post during the fiscal year that is closing, you may be advised to not make any charges with your PCard after the first week of June. Depending on when a vendor submits their charges to the Bank of America, it is possible that charges made later than the first week of June will not post in time to be paid with the closing years funds. **All charges that post during the May-June cycle will be paid from the current fiscal year. All charges that post during the June-July cycle, will be paid from the next fiscal year.**
 - All charges posted by 6/15 will be paid from the current fiscal year funds. Any charges that post after 6/15 will be paid from the new fiscal year funds.
2. If a grant fund has an expiration date, you must make all charges in time to allow the expenses to post to Banner prior to the fund's expiration date.
 - All charges must post to WORKS by the last day of the cycle that closes of the month the grant expires in. (i.e. If your grant expires April 30, all transactions must post to WORKS by the last day of the March-April PCard cycle.)

SPENDING LIMITS / SPLIT CHARGES

- **MONTHLY CYCLE Credit Limit (MCL):** \$10,000, \$15,000, or \$25,000 (per monthly reporting cycle)
- **SINGLE Transaction Limit (STL):** \$1,000, \$3,000, or \$5,000 (per vendor payment) – can be increased if there is a justified business purpose for the increase in STL - cannot be increased to anything above \$24,999.99

This means that you may spend up to assigned Monthly Credit Limit per cycle and up to a maximum of assigned Single Transaction on all transactions with any on one vendor in a single day.

- **It is against the University and State of North Carolina policies to split a charge in order to avoid a PCard's Single Transaction Limit. When determining whether a payment is a split charge, the auditors consider the total of all of payments to any one vendor within a single business day.**
- If you need to request an increase in your MCL or STL, you should complete a Change Spending Profile form (on PCard website).
- It is considered splitting a charge if the total amount paid to a single vendor in a single business day totals more than your assigned Single Transaction Limit (STL)
 - If you have multiple invoices from a single vendor, it is best if vendors will process the payment on the day of the purchase. If they do not or will not, then the total of the combined invoices paid needs to be below the cardholder's STL.

Repeated misuse or abuse of the card will result in suspension or termination of card privileges.

APP STATE SPENDING POLICY STATEMENT
from the App State Policy Manual
Section #509.6-SOLICITATION OF BIDS & QUOTATIONS

PCards cannot be used for these purchases.

4.1.2 Written competition must be solicited by the Purchasing Department for purchases over \$25,000.00. Even in the case of an approved sole source purchase, a written quote or bid will be obtained.

4.1.3 Departments may not divide direct purchases into smaller orders to avoid seeking competition.

State Term Contracts

- [Procurement Manual](#) - 3.3 North Carolina Term Contracts
 - The State solicits competition and enters into term contracts with vendors to acquire favorable pricing for many commonly used goods and services. These contracts are available for use by all State agencies and do not require additional bidding at the University level. A vendor under a term contract is contracted only for the goods or services listed on that contract and not necessarily for all items or services offered by that vendor.
 - Most of these term contracts are mandatory use by all State agencies and the University is required to purchase the contracted items from the specified vendors. As it applies to the UNC system, these mandatory contracts are to be used whenever possible unless the item is available for a lower, delivered cost than is offered on the contract. NCGS 116-13(b) allows for the purchase of a contracted item from a non- contract vendor if the item cost, including delivery, is less than available on a mandatory State term contract. The State also offers some term contracts that are a convenience for State agencies, but use is not a mandatory requirement. The University encourages use of these contracts as well because the competition rules of the State have already been satisfied and additional bidding is not required. Contact your Purchasing Agent to inquire about State term contracts and which ones are mandatory use.
 - Information about the items on various State contracts is found at: [North Carolina Term Contracts](#)

Rental Cars

- Enterprise Rent A Car and National Car Rentals should be used for all Rental Car Reservations
- No additional insurance can be purchased.
 - Check to be sure no optional items are included in the purchase PRIOR to making the purchase.
- A link to reserve a car with Enterprise Rent A Car is on the PCard website. This link will take you straight to the App State Contract with Enterprise.

TAX EXEMPT STATUS

- App State is EXEMPT from paying North Carolina sales tax. Always request your purchase be exempt from the state sales tax prior to making the purchase.
- You can obtain a copy of the Tax Exempt Certificate by completing the request on the Controller's Office Knowledge Base Confluence page
 - <https://confluence.appstate.edu/display/FA/All+Controllers+Office+Forms>.
- You need to see the store manager/front desk staff the first time you visit a vendor to find out how they handle requests for sales tax exemption. *(The use of a special register or the assistance of trained staff may be required.)*
- **If your Items are going to be used in NC YOU will be REQUIRED to get a Tax Exemption. If the vendor refuses, you must go through a different vendor. If it is a sole source vendor you must use Yomart instead of the P-Card.**
- **We are tax-exempt in NC, TN, KY, and FL.** (The purchase of items used in these states cannot include sales tax) (Lodging while traveling to these states should not include state sales tax)

VENDOR SPECIFIC TAX-EXEMPT NOTES

- **Staples** Sales Tax Exempt card is included in the PCard sleeve with your PCard. Present the Sales Tax-Exempt Card to the Staples cashier PRIOR to your purchase being rung up to prevent sales tax from being charged.
- A card is available from the **Walmart store located in Boone**. You will have to visit the store to obtain it. Please find the flagged letter included in the documentation you are given when you pick up your PCard. It is a letter from PURCHASING stating you are authorized to make Sales Tax Exempt purchases for App State business. **Take the letter and your App State ID card to the Customer Service Desk at Walmart to obtain their Sales Tax-Exempt card.**
- These vendor specific Sales Tax Exemption cards do not work on the general public purchasing websites. There are account set up/registrations to allow you to make sales tax exempt purchases on many vendor websites. It is recommended that you search for "tax exempt enrollment" or a similar text string to locate instructions on completing a tax-exempt purchase online.

Office Depot – Use Tax Exempt Number #06406695 in Stores.

Hobby Lobby – Use Tax Exempt Number #HL3605222 in Stores.

PCardholders - Notify vendors PRIOR to making your purchases of the university's tax-exempt status and complete the vendor requirements to make a tax-exempt purchase.

Pay special attention to your total purchase information when completing your purchases, this is especially important when completing online purchases. Do not complete the purchase if sales tax is showing in your total! **If the vendor will not provide the sales tax exemption for your purchase, you should not make the purchase. A discount in lieu of sales tax is not allowed.**

*******If you are charged sales tax at the time of purchase, request the vendor refund the sales tax immediately to remove the sales tax from the purchase.

If you discover you paid sales tax after the purchase was completed, please immediately contact the vendor to refund the sales tax. Make a note with information regarding your contact with the vendor to request the refund. Provide the memo to your Reconciler so it can be included in your Reconciliation Report.

Reconcilers/Approvers -

If you find a PCardholder paid sales tax and they have not contacted the vendor to request a refund, please request they do so immediately. The PCardholder should provide a memo with information regarding the vendor contact to you in order for you to include it in their Reconciliation Report.

If a Reconciliation Report is submitted with the payment of sales tax which has not been refunded or without a memo detailing the refund request, A strike will be issued against the PCardholder Three Strike Policy (see attached).

Hopefully, if you pay sales tax in error, by making a request for the refund immediately, the sales tax refund will post in the same PCard cycle which would reflect on the PCard Reconciliation Report and prevent an audit finding and a strike from being issued.

ONLINE ORDERS

- Online orders are acceptable as long as you use secure sites. Look for a locked padlock icon in the IEP address.
- Check BEFORE completing an online order to ensure the vendor can accommodate the sales tax exemption requirement. *Do a search on their site for “tax exempt enrollment” or find a customer service phone number to call. The general public websites for the “big box” stores are not the same as the brick-and-mortar local stores and may not automatically honor any tax-exempt certificates you have with the local store.*
- Check BEFORE completing an online order to make sure the vendor is not a foreign vendor. If it is determined to be a foreign vendor, submit the prior approval form to the Tax Compliance Office as required and do not make the purchase until you have the approval.

CARDHOLDER Responsibilities

- Make all purchases in accordance with University policy and procedures.
- Store the PCard in secure manner.
- Ensure the availability of funds prior to making any purchase.
- Order/receive goods and services personally (Do not loan card).
- Ensure NO Sales Tax is charged and NO back-orders are allowed.
- Report suspected fraudulent charges to the Bank of America and the PCard Administrator as soon as the charges are discovered. Complete the appropriate form on the PCard website

This will prevent the possibility of the bank denying your charges and suspending the use of your PCard due to transactions they may flag as suspected fraudulent transactions.
- Notify the PCard Administrators if you are going to be on Extended Leave from the university. (2 weeks or more)
- When you are due a credit for something purchased on your PCard, never accept cash or gift cards. The credit must be posted to your PCard. (Please note - Credits will post to PCards even if they are closed between the original purchase and the credit being issued.)

- A COMPROMISED account situation occurs when you have the physical card but a scammer is using the account number. (Ex-Database hack)
- **Cardholders should be using GCA to monitor all transactions that are attempted or made on their Pcard. Alert the bank and the Pcard Office if you receive a notification that a transaction was made/attempted that you did not authorize.**
- We ask the Reconcilers to monitor the accounts for which they are responsible at least once a week to ensure that no fraudulent activity has taken place.
