

INSTRUCTIONS FOR ONLINE PROCESSING OF P-CARD TRANSACTIONS

P-Card transactions are accessed by logging into WORKS at: <https://payment2.works.com/works/session>.

Due dates for the P-Card reconciliations in WORKS, including allocation and sign off by the Reconciler and online approvals by the Approver, are listed on the PCARD DUE DATES CALENDAR located at:

https://calendar.google.com/calendar/embed?src=appstate.edu_2tmks4feiu6jd3re6tubm5j74%40group.calendar.google.com&ctz=America%2FNew_York. Late online processing may cause the bank software to put a "hold" on the cardholder account until the online processing is completed.

RECONCILERS

IMPORTANT: Wait 2 days after cycle closes to run your statement in WORKS in order to assure all transactions for the cycle appear on the report.

Never manually enter fund/org or account numbers when completing transaction allocations. You must select the fund/org and account number from the drop down list that appears when you type the fund/account in the appropriate field. If you need a "refresher" on the processing requirements, there are screen prints available at <http://materials.appstate.edu/sites/materials.appstate.edu/files/pcardmanual-rotated.pdf>.

Each transaction must have an itemized invoice or receipt. The receipt must include unit prices, quantities, etc. Sales drafts and statements are not acceptable. Attach small receipts to a sheet of copy paper – STAPLE – do not tape over information printed on the receipt as tape causes the ink on the receipt to fade and be illegible.

FOOD PURCHASES – THIS POLICY HAS CHANGED RECENTLY (09/2018)

- A "Documentation of P-Card Purchase Form" is required when any food item purchased. (The form is available on the P-Card website.) The form must be signed by the cardholder and approver.

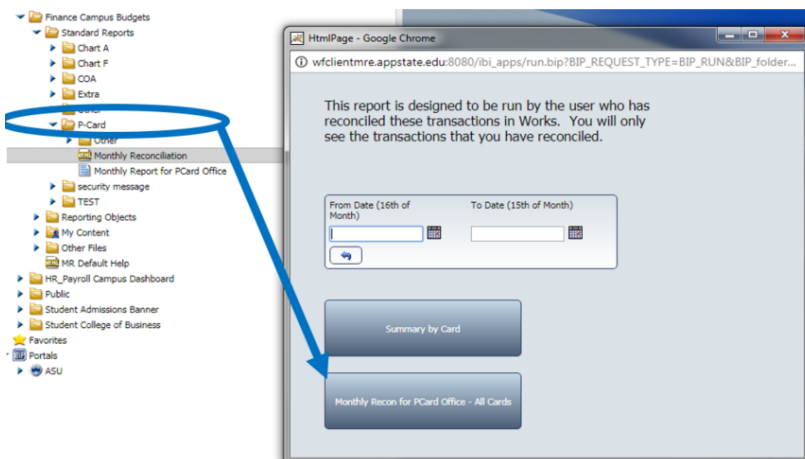

TRAVEL RELATED PURCHASES

- All travel related purchases (lodging, registration and transportation) must include a copy of an approved TRAVEL AUTHORIZATION form for the person traveling as part of the transaction documentation.

Write the transaction number (TXNxxxxxxx) on each piece of documentation associated with the transaction including the receipt.

The final scanned copy of the reconciliation report submitted to the PCard Office should be in landscape view from WebFocus (see screenshot below for report location). Note: The report should be printed after the online approvals have been completed and should have the Approver's

name printed on the report which will serve as an electronic signature. If transactions are highlighted in red they need online approvals completed. There is an approximate 4 hour lag time between completing entries in WORKS and the information showing on the WebFocus reports.

* WebFocus Report Availability with Signatures

Run after 2:00PM - for approvals completed between 10:00PM and 10:59AM.

Run after 5:00PM - for approvals completed between 11:00AM and 1:59PM.

Run after 8:30AM - for approvals completed between 2:00PM and 9:59PM.

Include report, receipts, and all supporting documentation in TXN number order as they appear on the report. Receipts smaller than 8 ½" x 11" should be stapled to an 8.5" x 11" sheet of paper. If there are additional forms required to document the purchase, please include the receipt and the additional documentation together with the TXN numbers written on each page. Obtain Cardholder and Reconciler signatures on the report (Reports must have original signatures and be kept in your office).

Scan the report and all supporting documentation in the order that they appear on the report and submit through Docuware by following the link on the P-Card Website In the section named: Docuware Links to Submit P-Card Reports

APPROVERS - Approvers must sign off all transactions online as well as signing the reconciliation report. For additional information on the approver's role, a video is available at <https://materials.appstate.edu/p-card-program>

Once you have made sure that it is a Non-Taxable Purchase, now you start allocating funds. These fields should already be populated with your default information (FOAP), but if it doesn't, Click in the GL01: Fund/Org box. All the funds that you have available for you to use, should be in your drop down menu. If they are not, you will need to contact us to add the funds that you need in Works.

NEVER HARD CODE A FUND/ORG, ACCOUNT NUMBER OR THE GL03: ACTIVITY CODE IN THE BOXES!
YOU MUST SELECT IT FROM THE DROP DOWN LIST.

If you type the information in these fields, it will give us an exception and not upload properly into Banner.

The screenshot shows the 'Allocation Details' screen in the Bank of America Works application. The main header indicates the transaction is for 'PUBLIC WAREHOUSING-FARM PR CO.' with a purchase amount of 4,781.50, a tax amount of 334.70, and an allocation total of 4,781.50. The 'GL01: Fund/Org' dropdown menu is open, displaying a list of available funds. An arrow points to the dropdown menu. The interface includes various tabs like Home, Expenses, and Reports, and a sidebar with navigation options.

Reference	Tax Status	Goods & Services	Tax
08/08/2018	Non-taxable Purchase	4,781.50

The GL01: Fund/Org box should already be populated with your Default Fund/Org., but if you have other funds, you can choose them from this box. You can start typing the number or name and it will give you the options that you have. You then choose it from the list. When you have selected your fund, it will take you to the next field, if it does not, hit the tab key and it will move you to the GL02.

You may view all the transactions that you have allocated and signed off on by clicking on the All Tab. You can search for any transaction that you have signed off on previously.

As you see over to the right of the window, your name appears as the AH (Account Holder). If you have these columns in your screen, you can now see the date that you signed off on the transactions. The next 2 columns show the Sign Off APR (Approver) date and APR Name. This shows that your Approver has not signed off on the transactions. When they sign off on the transactions, the date and their name will appear. Once your approver signs off on the transactions, you will need to wait approximately 4 hours until you can run your report in WebFocus.

Mass Allocations

If you have more than one transaction for the same vendor or similar vendor that you purchased the same type of items from, with the same Fund/Org and Account Codes, you can select the transactions in the check boxes in front of the TXN #'s, click Mass Allocate Button at the bottom of the screen. A single box will open that will allow you to select the Fund/Org, Account and the Activity from the drop down boxes. You would select your codes from the drop downs listed to assign those funds to the selected transactions. Then you would click ok.
